

## MONTHLY FIRE CHIEFS REPORT

Regular Meeting: August 10, 2021

### Operations:

- We responded to 53 calls in July.
- We have traded in Engine 51 and Engine 54, funds were received for those trucks on Friday.
- Rollinsville community chipping day is August 21<sup>st</sup> from 8am-4pm. Timberline will be running the chipper. Please stop by if you're free.
- Successful search on Fairburn Mountain – with recovery the following day with OEM and GCART
- One apparatus left to hose test: nearly all TFPD firefighters participated this year. Thank You!

### Wildland:

- We have nothing deployed or listed at the moment due to a lack of Engine Boss and some mechanical issues.
- We have been paid for 2 of our deployments this year, reimbursements are streamlined and a bit faster this season.
- Our wildfire danger here is still moderate but it looks like we are in a drying trend.
- Stage one fire ban was recinded today at noon in both Gilpin and Boulder Counties.

### Administration:

- Galen, Clay, and myself are tentatively traveling to Canada for new apparatus prebuild conference September 8-11
- Staff had our first meeting regarding next years budget, preliminary values for 2022 taxes should be received toward the end of the month.
- September 18: Station 1 Magnolia Road: Galen and John retirement party and open house.
- Timberline picnic was a huge success!
- Gilpin County Fair - Timberline was the hit of the fair with truck and UTV rides, we have never been busier! The community was very thankful for our service.
